

# RECYCLE & SAVE TODAY

WASTE RECEPTACLES **SERIES 0834 / 0839**

## FREE STANDING STAINLESS STEEL 3-BIN RECYCLING STATIONS

Encourage recycling without adding an eyesore to your space. Stations are constructed of sleek and durable type 304 stainless steel and consist of three 22 gauge bins joined with a single 18 gauge top. Top has shape coordinated openings with permanent labels indicating trash, bottles, and paper, and lifts off for easy maintenance. Bottoms of each bin are equipped with four non-skid rubber feet.

Already have three 0834 or 0839 waste receptacles? Purchase the 3-Bin Recycling Station Top (#0834-0839-RB) separately to convert products!

MODEL	TOTAL CAPACITY
0834-RB	42 gal. (159 L)
0839-RB	57 gal. (216 L)
